Remarks

1. **Girma Assefa Urgessa Water and Building Contractor:** -The financial information that indicates bid price is submitted. However, our bid is a single stage - two envelope and financial information should be in financial document. According to ITB 11.4, any information related to bid price in the technical document will result in automatic non responsiveness.
2. **Gindeberat General Construction PLC:** - in the technical Letter of Bid financial information is submitted, ours is two envelope and it should be in financial document. However, according to ITB 11.4, any information related to bid price in the technical document will result in automatic non responsiveness.
3. **Elicon General Construction:** - The works or details of works were not filled in the blank spaces of the letter of bid under conformity, business trade license is not renewed for the year 2018, water work license is not registered on eGP, hard copy and electronic e-trade license renewal does not match each other.
4. **Furtu General Water Work PLC JV with ESA Construction Private Enterprise:**
- pending litigation and environmental declaration must be submitted for single entity but not for combined entities in case of JV, letter of intent is also missing with JV agreement, bid security should be submitted for JV member not for a single entity (not for Furtu GWWC alone)
5. **Faiz Sufiyan Water Work Contractor:** - time of history of non-performing contract, litigation history and pending litigation starts from January 2021 but the bid requested from July8, 2020 for all sections.
6. **Moika General Construction Work PLC:** - technical part of the Letter of bid is altered, ITB 12 will not allow even for text modification.

2.3.4. Recommendation

Accordingly, **BH Engineering PLC** and **Sinbone and Singitan Construction (WWC)** have been qualified for the financial evaluation.

Remarks:

1. **Abebe Fite General and Water Work Contractor:** - Gewasa River bridge experience is not true. Business license experience starts from 2015 on eGP portal; however, the hard copy says 2010 which is mis matching one another, the lisana town water supply agreement date is made after the date of the letter of accomplishment is given and payment is made before agreement which is an attempt of forgery and also proved fraud. Cvs' of the two forman and their agreements were also not submitted.
2. **Dinka Nigussie GWWC:** - Main agreements from Achebi engineering is not submitted. The experience document from Achebi engineering PLC is mis aligned i.e. On the payment sheet, the payment location is in Bonga, SWE, but the contractor described as it was performed in East Wollega Zone. And the content of the agreement and items of the work activities are mis matching.
3. **GTD Engineering and trade PLC:** - Kamashi Irrigation Project and Benishangul Irrigation Bureau do not exist. This an attempt of forgery
4. **Olbirat GWWC:** - Specific Experience requirement which is greater than 90,000,000 or two works above 45M each does not exist in his proposal. Annual Turnover isn't fulfilling the requirement as it is not submitted with approve payment certificate (30,000,000).
